DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

1. Claims 23-36 are rejected under 35 U.S.C. 102(e) as being anticipated by US Patent No.6491619 to Trauthen et al or US patent NO.6086556 to Hamilton et al.

Both Hamilton and Trauthen teach a balloon catheter comprising an outer tubular member and inner tubular member and balloon having a proximal portion and a distal portion, wherein the distal portion of the inner tubular member, the tie layer having a length that is substantially the same as the distal waist length. (figure 1 in Hamilton and figures 12, 11, 6)

Response to Arguments

2. Applicant's arguments with respect to claims 23-36 have been considered but are moot in view of the new ground(s) of rejection.
